

## FIRST WILL STUMP FOR SENATOR SMITH

Wealthy Baltimore Leader to Campaign in Maryland for First Time.

BALTIMORE, June 17.—One of the most famous of the political campaign that will open within a few weeks will be a speaking tour of the Eastern Shore by Senator Smith and Frank A. Furst. The latter is much interested in Senator Smith's campaign for re-election—almost as much as the Senator, which is saying a deal.

The two old-timers in politics had luncheon together yesterday at the Kennett and talked of their expedition as interestingly as boys just beginning the game.

"I've never been on the stump," Furst said, "but I am going this summer, and I don't believe I'm too old to learn to do the job right. I am not entirely without experience. I've made a political speech or two. The first one was years ago when Senator Smith was a candidate for the nomination for Governor. I presided over a meeting at the Broadway Institute held for him. Then in connection to my two or three political speeches, I talk once a year to the kids in one of the institutions here, so I believe I can get away with this tour. Anyway, I am going to try it."

Senator Smith and Furst plan to start their trip very soon after the Democratic National Convention which opens June 28. They will work their way by automobile down the Shore from Cecil county to Senator Smith's old stamping ground in Worcester. The trip, as it is planned now, will not be marked by a few important meetings but by numerous stops and talks at the small towns and crossroads. It will last at least a week.

Senator Smith intends to take a little rest before opening the campaign. Like his Republican opponent, O. E. Weller, he has decided not to attend the national convention. His proxy as a member of the National Committee has been given to State Chairman J. Hubert Wade, who left yesterday for San Francisco to make arrangements for the delegation at the hotel.

Senator Smith also plans to rest in the time before the campaign opens. He will leave tomorrow on the steamer for Boston and will stay in New England until the close of the Democratic convention.

## BALTIMORE GETS LINE TO SCANDINAVIAN PORTS

Standard Steamship Co. to Run All Vessels from Monumental City.

BALTIMORE, June 17.—The Standard Steamship Company of New York has established a regular line of vessels between Baltimore and all Scandinavian ports. While this is a New York corporation, and its main office will be in that city, the new line will not be a ship out of that port, but has arranged to make monthly sailings from Baltimore.

G. G. Jackson, president of the company, was in Baltimore yesterday and went fully over the ground with Joseph C. Weller, who is the vice president in charge of the local office. Arrangements were completed for the permanent establishment of this enterprise and for the immediate beginning of its operations.

The company has leased from the Charles E. Falconer Company the entire ground floor of its building at Gay and Water streets, where the local headquarters will be maintained. It has also leased from the Canton Company the entire west side of pier 3 of that company.

The company has already bought the Eastern Star and Brannack, each of 7,000 tons capacity, and the Western Alliance, of 8,300 tons, from the Shipping Board. The Eastern Star has already been loaded and sent away, while the Brannack is ready to clear, and a full cargo is on hand awaiting the Western Alliance. The company is negotiating for the purchase of two more ships, as the first fleet for the Baltimore line will consist of five steamers.

## BORN OUT OF WEDLOCK; GIVEN \$200,000 ESTATE

So-Called Tennessee Law Enriches Illegitimate Daughter of North Dakota Farmer.

FARGO, N. D., June 17.—The so-called Tennessee law, by which children born out of wedlock get equal rights with those born legally gave to Mrs. Reina O'Brien today the \$200,000 estate of John C. McWilliams, a Grand Forks farmer who died several months ago, after the enactment of the law which abolishes illegitimacy. Judge A. T. Cole, of the Cass county district court, in his decision held Mrs. O'Brien was the daughter of McWilliams, born out of wedlock nearly forty years ago, and gave her the sole right to the estate over the claims made by brothers and sisters of the deceased.

This decision is the first of moment under the law passed in 1917. By its provision, children born out of wedlock are entitled to education to share equally in estates, etc., a form of declaration being provided by which such rights are established.

The law is the only one of its kind in the world except Norway, so far as known to the author of the measure, B. G. Tenneson, of Fargo, who has made an extensive study of the question.

## BOY IS PARALYZED BY FALL FROM CHERRY TREE

HAGERSTOWN, Md., June 17.—John G. Meyers, Jr., eighteen years old, son of John G. Meyers, Hopewell, who fell twenty-five feet from a cherry tree on the farm of Samuel Kline, on the Western pike, is in the Washington County Hospital in a critical condition, paralyzed in the lower part of the body.

He fell from the tree Monday afternoon, but was not found until yesterday forenoon, when his mother, learning that he was not in Hagerstown, began a search for her son, whom she found helpless upon the rocks under the tree. He was injured about the spine.

Meyers recently graduated from the Hagerstown High School. He left his parents' home Monday afternoon for this city on a bicycle, being employed in a bakery here. On his way here he climbed the cherry tree.

## Prevent Falling Hair With Cuticura Shampoos

The first thing to do in restoring dry, thin and falling hair is to get rid of dandruff, itching and irritation of the scalp. Rub Cuticura Ointment into the scalp, especially spots of dandruff and itching. Next morning shampoo with Cuticura Soap and hot water. Rinse with tepid water.

Cuticura Talcum is an antiseptic, prophylactic, soothing dusting powder of delicate, fascinating fragrance. Use everywhere.

## Removes Hairy Growths Without Pain or Bothers

(Modes of Today)

It is not necessary to use a painful process to remove hairy growths. For with a little delicate handy you can keep the skin entirely free from these beauty destroyers. To remove hairy make a stiff paste with a little powdered delatone and water. Spread this on the hairy surface and in about 2 minutes rub off, wash the skin and the hairs are gone. To guard against reappearance, be careful to get real delatone.

## THIN, FRAIL FOLKS NEED PHOSPHATE

Nothing Like Plain Nitro-Phosphate to Put on Flesh, Healthy Skin and to Increase Strength, Vigor and Nerve Force.

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and the soft curved lines of a healthy and beautiful body, there are a great many of men and women who are weak and thin. This is often due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as Nitro-phosphate, which is inexpensive and is sold by People's Drug Stores, and most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphorus, food element, Nitro-phosphate should produce a welcome transformation in the appearance, the increase in weight frequently being astonishing.

Increase in weight also carries with it general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, should soon disappear, dull eyes ought to brighten, and pale cheeks glow with the bloom of perfect health. Miss Georgia Hamilton, who was once thin and frail, reporting her own experience, writes: "Nitro-Phosphate has brought about a magic transformation with me. I gained 15 pounds and never before felt so well."

CAUTION.—While Nitro-Phosphate is unsurpassed for the relief of nervousness, general debility, etc., those taking it who do not desire to put on flesh should use extra care in avoiding fat-producing foods.

## HEADACHE TABLETS

For Headaches and Neuralgia

FREE TO ASTHMA SUFFERERS

A New Home Method That Anyone Can Use Without Discomfort or Loss of Time.

We have a new method that controls Asthma, and we want you to try it at our expense. No matter whether your case is of long standing or recent development, whether it is present as occasional or chronic Asthma, you should send for a free trial of our method. No matter in what climate you live, no matter what your age or occupation, if you are troubled with asthma, our method should relieve you promptly.

We especially want to send it to those apparently hopeless cases, where all forms of inhalants, douches, opium preparations, fumes, "patent smokes," etc., have failed. We want to show everyone at our expense, that this new method is designed to end all difficult breathing, all wheezing, and all those terrible paroxysms at once. This free offer is too important to neglect a single day. Write now and begin the method at once. Send no money. Simply mail coupon below. Do it Today.

FREE TRIAL COUPON

FRONTIER ASTHMA CO., Room 1828 Niagara and Hudson Sts., Buffalo, N. Y.
